*Should any cement work be necessary, all work must be done in accordance with professional standards (i.e., coring, etc.) In all cases, the mailbox post must be replaced so as to be able to support the new weightier mailbox. If the mailbox post was shared prior to installation of the new locking mailbox, the remaining old post (for the neighbor's mailbox) must be repaired and left in a neat, orderly condition, at the expense of the homeowner requesting a locking mailbox.*

*Homeowners are responsible for checking for United State's Postmaster requirements. Ewa by Gentry Community Association ("EbGCA") makes no guarantee of mail security. Installation must meet all Postal Service standards (e.g. height) and any changes of location must be approved by the Postmaster and EbGCA.*

By signing below, I understand and agree to adhere to these conditions. Additionally, upon completion of this improvement, I will contact EbGCA for final inspection.

Legal Owner's Signature: \_\_\_\_\_ Date: \_\_\_\_\_

*Note: All approvals granted by the Design Committee are null and void if construction (improvement) does not conclude within one year of the date of issue.*

*Once work has begun, it must be completed within thirty (30) days.*

*Upon completion, please contact EbGCA at 685-0111 for final inspection.*

*Please keep this approval for your records and forward to any future homeowner Of the above stated property.*
